### POLITICAL PARAGRAPHS.

(By Press Bureau).

The late Senator Dooliver said, June 13, 1909: "The past year witnessed 2 events of unusual interest—the discovery of the North Pole, by Dr. Cook, and the revision of the tariff downward by the Senator from Rhode Island, each in its way a unique feat, and both promptly presented to the favorable notice of the country by the highest official congratulations."

It was Jay Gould who said that when he was in a Democratic district he was a Democrat, when in a Republican district he was a Republican, and when in a doubtful district he was doubtful. Jay's rule is good enough for Teddy. When he is in an insurgent district he insurges; when he is in a standpat district he standpats, and when he is a doubtful district he is doubtful. But Gould declares that he was first, last and all the time for the Erie Railroad and Roosevelt would say, if he was equally honest as Gould—which he isn't—that he is first, last and all the time for Roosevelt.

"I will make the corporations come to time," shouted Mr. Roosevelt at Toledo.

He made the Equitable Life come to time with a \$50,000 campaign contribution.

He made the Beef Trust come to time with a big campaign contribution.

He made the Standard Oil come to time with another big campaign contribution.

He made E. H. Harriman, after a personal conference at the White House, come to time with \$250,000.

These are only a few of the corporations and plutocratic interests Mr. Roosevelt made come to time in the 1904 campaign, when he was a candidate for the presidency.

## NORMAL TO PLAY ST. JOSEPH HIGH

The St. Joseph Gazette had the following:

Central High school's football team will play its third game this season, when it stacks up against the Maryville State Normal school eleven at League Park Saturday afternoon. The local team is putting up a classy game this year, having beaten Leavenworth two weeks ago, 18 to 0, and lost to Lawrence last Saturday by a score of 6 to 0. The defeat at the hands of Lawrence by so close a score is regarded by local football followers almost as good as a victory, in view of the drabbing the Kansans have administered to the best teams in this section.

Saturday's game will be no walk-away for either team. Last year Central beat the Normal team, by a score of 16 to 5 in spite of a great handicap in weight, and the fact that the game was played at Maryville. According to all that can be learned concerning them, the "teachers" are much faster this year without having lost any of their advantage in avoidduis. In a letter to Coach Hixon, perfecting arrangements for the game, the Maryville coach announced the intention of the visitors to "clean up" on the Blue and White. There is every indication that disappointment awaits them, however, as the hope is that the game will be close, no matter how it goes.

## SPOKE OF WORK OF THE Y. M. C. A.

The Christian Association of the State Normal met Thursday morning. The Y. M. C. A. carried out a very interesting program on the subject of "My Bible."

The Y. M. C. A. was addressed by Prof. J. E. Cameron, who spoke of the great work that is being done both by the college and the city Y. M. C. A. He said that this organization wherever it exists affords a common meeting place for the young men where they can spend an evening either in the reading room or the gymnasium and the class of young men that are associated together in this manner are always those whose association will be of a social as well as a moral advantage to those with whom they come in contact. That the Y. M. C. A. is a place where one can always feel at home, regardless of the denomination with which he may be connected.

In the Bible lesson Professor Cameron spoke for a few minutes of the life of Paul drawing some helpful examples. He also told of the value of the Bible and the increased neglect of the study of some in the present generation.

The heating plant at the Normal is now in operation and will no doubt now give splendid service when the openings in the floors are closed so the heat can be properly conducted to the different rooms. This work will be completed in a few days, which will make the new quarters more comfortable.

Mrs. Smith Penny and children, Katherine and Baughman, of St. Joseph, and Mrs. Penny's cousin, Miss Beatie Baughman of Moreland, Ky., arrived in Maryville Thursday noon and are guests at the home of their cousin, Mrs. Frank Hall, living west of town.

Mrs. Albert Appleby and son, Orville, went to Redison Thursday to visit her parents, Mr. and Mrs. Elmer Young. Mr. Appleby left a week ago for Garland, Wyo., to locate, and Mrs. Appleby will follow in two or three weeks.

Mrs. Frank Barmann and daughter Miss Laura Barmann went to St. Joseph Wednesday evening to visit until Thursday night with Mrs. Barmann's daughter, Miss Ora Barmann, who is a student at the Sacred Heart convent.

Mr. and Mrs. James Shack of Seattle, Wash., arrived in Maryville on Tuesday night and are the guests of Mrs. Shack's mother, Mrs. Frank Bellows. They are accompanied by their son, Edwin.

Mrs. Carl Runnels and daughter-in-law, Mrs. W. C. Runnels, were in Maryville Thursday afternoon buying furniture for the daughter-in-law's new home, two miles from Pickering.

Mrs. M. J. Combs of Clearmont went to St. Joseph Thursday morning to visit her daughter, Mrs. Myrtle Duckworth.

Mr. and Mrs. John Neal of Pickering were visitors to Maryville Thursday.

Every day in this city a few more people join the lists of those who buy advertised things—who patronize advertised stores!

### HOPKINS.

Dr. See of Paris, Mo., has been spending the week with friends in Hopkins.

Mr. and Mrs. J. A. McMaster entertained their cousins, Mr. and Mrs. Dresher and Miss Dresher of Bedford during the horse show.

F. B. Monroe and sister, Mrs. Bess Goodson, were in Maryville on business Monday evening.

Miss Grace Trimble of St. Joseph spent Sunday with her grandmother, Mrs. Brainard.

Ura Bradley came up from St. Joseph to visit home folks and to take in the horse show.

Miss Nell Bram entertained the following friends from Lenox over Sunday: Miss Mamie Sanders and Messrs. Fred Abernathy and Charles Worster. Mrs. Torrence and granddaughter, Mary Woodridge, visited at the home of Fred Woodridge Saturday.

Charles Bebout purchased the McIntyre farm north of town this week, the consideration being \$92 per acre. Mr. and Mrs. Byron Griffith are rejoicing over the arrival of a fine baby boy at their home, Oct. 18.

Miss Beulah Laird and Charles Taylor of Bedford spent Wednesday evening in Hopkins, the guests of Agent Wilkinson and wife.

Mrs. Arch Stewart of Clinton, Iowa, is the guest of her parents, Mr. and Mrs. Edward Appleton, west of town. Mrs. Henry Griffin and daughter, Miss Myrtle, went to Maryville on Wednesday evening to look for a house as they expect to move there if they can find a desirable location.

Mrs. Peter Curry entertained relatives from Coia, Iowa, during the horse show.

Mrs. Osburn of north of town took first premium on her bouquet of flowers at the horse show and it certainly was worthy of it. The bouquet was composed of roses, white, pink and one large American Beauty, all of them equal to any hot house roses to be found in the cities. Mrs. Osburn is certainly an expert when it comes to rose culture, and her flowers were very much admired by all who saw them.

Charles McClothlan of Sheridan came over Friday to see what a good horse show was like. We understand our friend Charlie has gone into the newspaper business at Sheridan, and we hope this is true, for any man who has nerve enough to be a judge at a baby show ought to make a rattling good editor.

Mr. and Mrs. Roy Hanna came over from Worth, Mo., for Friday and Saturday.

Mr. and Mrs. Arnie Douglas were visiting in St. Joseph part of last week. Arnie expects to ship in a carload of apples soon.

Mr. and Mrs. D. W. Boyer and son, Oscar, of Warrensburg, also William Boyer of Savannah, came "home" to attend the horse show.

Fred Shely came in from Montrose, Colo., to attend to some important business, but to his best friends he "fessed up" he was homesick to see good old Nodaway county once more.

It is hard luck to fall flat when you are doing your very best, but that is what has happened to Manager Luce in his efforts to put on some good plays at the opera house. Manager Layton was also heavily handicapped in that some of his people had left him just before he reached here, making it necessary for him to take on four new people who had just the one day for study and rehearsal. Under the circumstances we think it was a remarkable good production, but that does not keep people from feeling that they did not get their money's worth. As the third time is said to be the charm, and Manager Luce is positive he has a good company on the bill this time, we will expect something exceptionally fine next Tuesday night, when "Eh and Jane" come to town.

Mrs. E. C. Wolfers Sr. will entertain the Salad Club at her beautiful home in South Hopkins Friday afternoon. The out-of-town guests will be Mrs. Gus Werhman of St. Joseph and Mrs. Will Wallis Jr. and Mrs. Lela Allender of Maryville.

Mr. and Mrs. C. S. Catling of Olathe, Kan., arrived last week for a visit with their numerous friends east of town.

Sherm Stewart and wife, Mr. and Mrs. Otis Gray, Mr. and Mrs. Newt Morgan and Mrs. George Evans of Parnell were horse show visitors at Albert Shely's.

Jake Haaf has been on the sick list for some days and seems to be in a critical condition caused principally by sciatic rheumatism.

Pettis Lewis has purchased the restaurant and taken possession thus giving Jake a chance to go to the Springs where he will take treatment.

Every face in Hopkins were not only a broad smile, but a good old-fashioned grin last Friday morning when they woke up to the fact that we were to have ideal horse show weather. Never in the history of Hopkins was there such weather or such crowds. The weather man was bent on having a good time; everybody was bent on having a good time. The baby show seemed to be one of the main attractions Friday and for the benefit of those who do not take the Hopkins

Journal, we wish to give a list of the awards. There were fifty-five babies entered, with eighty entries, some babies being entered in two different classes. In class A the first prize, \$2 in cash, given by Professor McKinney, was won by Margaret Hoiker; second, a fancy photo, given by A. A. Dalton, the photographer, by Kennie Butts.

Class B—The handsomest baby between 2 and 3 years old. First, enlarged picture, Harold Otis Gray of Parnell; second, one dollar in cash, Opal Hensley of Bedford.

Class C—Handsomest baby, six months or under. First, gold ring, given by R. B. Luce, Mirrel Keish of Hopkins; second, fancy photo, Russell Ingram, Clearmont.

Class D—Heaviest baby, according to its age. First, gold necklace, given by E. A. Headinger, Russell Ingram; second, Marie Thompson.

Class E—Handsome baby between six months and two years. First, ring given by Professor Bowman, Ocie Poage of Bedford; second, fancy photo, Marie Duncan of Bedford.

The judges in class A were Dr. John Morehead of Kansas, Charles McGlothlan of Sheridan and A. L. Vorhees of St. Joseph. In class B, C and E they were Miss Helen Hayer of Chicago, A. L. Vorhees of St. Joseph and W. O. Bartine of Kansas City. In class D (this was simply a case of weighing and figuring), the judges were J. E. Bozerman of Kansas City, Denver Florea and Mrs. Fred B. Monroe. The group picture taken at the close of the judging by P. L. Chambers will be finished as soon as possible and a card will be mailed to each baby entered although not all the babies could stay to have their picture taken. The committee wishes to thank the mothers who entered their babies and would also say the judges said they never saw a finer lot of babies, and it was a hard matter to decide. We hope another time more comfortable quarters may be arranged and our only regret is that every one couldn't have a blue ribbon, for they were all sweet babies.

### Breeding Ewes For Sale.

One hundred and twenty-five high-grade Shropshire ewes, about one-third yearlings, balapee two, three, and four, no old ewes; are a good, serviceable lot. Can furnish three Shropshire bucks. Will sell part of these ewes.

Elmer Frazer.

### A FOOL THERE WAS.

(H. W. Lanigan in Sporting Life.)  
A fool there was, and he made his spiel

(Even as Hugh and Ty)

To a Hook and a Toot and a ton of Steel.

But the fool he called it an Automobile.

And longed for the sound of that Gabriel squeal

(Even as Hugh and Ty).

Oh, the balls we paste,

And the hits we waste,

And the beautiful tours we planned.

Belonged to the man who could not bat

(And now we know that he never could bat);

He averaged about 200 flat.

Yet he could not understand

He hammered the ball with a right good will,

That benzine cart to land,

But no matter how hard he'd pickle the pill.

'Twould go in somebody's hand.

Then he said, as he quaffed him of sundry drinks,

"That official scorer is sure a jinx!"

Now he's playing "growl" on the missing links,

For he could not understand.

Oh, it isn't the shame,

And it isn't the blame

That stings like a white-hot brand;

It's the thought of losing a doggoned mean;

He'd score an error on balls hit clean

And he would not understand.

David Munn went to Kansas City on Thursday morning.

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a medicine, Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

**Roosevelt and the Cow.**  
From the Christian Herald.  
Mr. Roosevelt has confessed that in one line of activity he has failed. The colonel says that when he was ranching in North Dakota they got tired of condensed milk which was extracted from a herd of Jersey cows three times a day. With cattle, cattle "everywhere and not a drop to drink." It seemed ridiculous that a supply of fresh lactical fluid should not be forthcoming. The cordial "come boss" of the future president proving of no avail, Mr. Roosevelt chased a cow two miles, caught it with a lariat, threw it, roped it, turned it upside down and tried to milk it; but, says he sadly, "I got precious little milk." Evidently the gravity of the situation was too much for the cow, or maybe the cow being inverted the gravity of the earth was too much for the milk. At any rate the whole situation was too much for the gravity of the bystanders, and Mr. Roosevelt ceased from troubling and the producer of natural milk-shakes was at rest. We are sorry that Mr. Roosevelt did not try again, for thus getting into close contact with the original producer he could decide better whether it was getting all the profit it was really entitled to or whether the milk trust has still some excuse for dealing in any way with watered stock.

**Case of Scarlet Fever.**  
County Physician Vilas Martin reports a case of scarlet fever at Ravenwood, that of the little son of Professor King of the Ravenwood schools. The King home is quarantined.

Mr. and Mrs. W. H. Tilson of Rosendale are the guests of their sons, Sheriff W. R. and John L. Tilson, and families. They have been visiting their daughter, Mrs. W. A. Burks, of Pickering.

### The Land of Opportunity To-day

Is the rich Valleys of Southern Colorado and Northern New Mexico. Five hundred thousand acres of land which has during the past years been tied up in the grant form is undergoing a transformation, and this magnificent property, large enough for fifteen thousand farms and homes is being practically given away to the fifteen thousand persons who apply for a farm before they are all sold. In addition to the farm, each person is given a business or residence lot in the additions to the towns of Chama and Ferra Amarillo, and will also establish a new town. This town will be located in the Nutrias Valley, near the southern boundary of the Grant, where the settling up of this great irrigable valley will make a good town necessary. The farms range in size from 10 acres to 640 acres. A contract calling for one undivided farm and one lot and other rights together, will be sold for only \$250, payable \$10 a month. There is practically no limit to the variety of crops that can be raised on this land. This soil is rich and fertile—a veritable mine of agricultural wealth. It has been said that one good investment beats a life time of labor. Put your monthly savings were you will have something worth while at the end of the year. Here is your opportunity. Remember while they last.

\$250 payable, \$10 a month buys a farm and a lot.

Robinson's Annual Sale of  
BIG TYPE  
POLAND-CHINA HOGS  
Will be held at the farm adjoining Maryville, Mo.  
Wednesday, Nov. 2  
30 Boars and 40 Gilts

February, March and April farrow all weighing over 200 lbs and half of them crowding 300 lbs. They are the Real Big Spotted Kind, like your grandpa used to raise, and have more bone, stretch and size than any lot ever offered at public sale in Northwest Missouri.

Plenty of boars and gilts not akin so that you can get the foundation for a herd of the kind that win at the shows and top the market.

This is the herd that attracted so much attention at the Maitland Fair and St. Joseph Stock Show this fall. And our prize winners at those shows will be on exhibition. Also Pawnee Pete, the biggest yearling boar ever seen in these parts will be on parade with a lot of his brothers, sisters and about 60 of his own progeny.

Sale will be held at the farm under cover regardless of weather, and begin promptly at 1:30 p. m. Write for catalogue.

COL. H. S. DUNCAN,  
COL. E. P. HOSMER,  
COL. PERRY CHAPPLE,
